(b) if so, the status of exploration and exploitation of these oil fields;

(c) whether any royalties have been paid therefor;

(d) if so, what is the share of Andhra Pradesh; and

(e) the steps proposed to properly supervise such off-shore oil field exploitation?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI T.R. BAALU): (a) The 'Rawa' offshore field off Anhdra Coast has been awarded to the Consortium of Mfc. Command Petroleum (India) Ltd. (a subsidiary of Ms. Command Petroleum Ltd. of Australia), Rawa Oil (Singapore) Pte. Ltd. Videocon Petroleum Ltd. and ONGC as J.V. partners under a production sharing contract signed on 28.10.94.

(b) The J.V. partners have drilled 7 wells. Present oil production from the field is around 18000 bopd.

(c) Yes, Sir.

(d) Royalty in respect of crude oil and natural gas produced from offshore areas is paid to the Central Govt.

(e) Under the Production Sharing Contract, a two tier system has been provided for supervision & control, firstly through the operating committee and subsequently by the Management Committee.

Ban on New LPG Connections

718. SHRIMATI JAYANTI PATNAIK: Will the PRIME MINISTER be pleased to state:

(a) whether the Ministry of Petroleum and Natural Gas has imposed a ban on new LPG connections;

(b) if so, the reasons therefor;

(c) what was the original target set for release of LPG connections for the year 1996-97 and the achievement likely to be made in this regard;

(d) whether Government propose to provide LPG connections in every village, to every villager;

(e) if so, by when the above objective is expected to be achieved;

(f) whether any long term plan has been formulated therefor; and

(g) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI T.R. BAALU): (a) to (c) Due to increased demand and expected lower product inventories in the peak winter season during 1996-97, it has been decided to put on hold any new LPG enrolement w.e.f. 1.7.1996 temporarily till such time new LPG import facilities at Kandla and Mangalore are commissioned and stabilised. However, new LPG enrolment was to continue for the priority categories like Taj Trapezium area, Hilly markets, releases under Tat-kal Scheme and against MP/Government priorities, priorities of PSUs under the Ministry of Petroleum & Natural Gas and the distributors to be newly commissioned. With the commissioning of new import facilities at Mangalore and Kandla recently, there will be enhanced enrolment of customers through increased imports of LPG. The target for release of new LPG connections for the year 1996-97 has been fixed at 20 lakhs in view of availability constraints. This target is likely to be achieved.

(d) to (g) As per the earlier policy, only towns of 20,000 and above urban population and offering commercial via-

bility were considered for setting up of LPG distributorships, However, as per latest policy of the Government, LPG marketing is also being extended to rural areas contiguous with Urban areas to offer adequate potential for commercially viable distributorships.

Accordingly, periodical feasibility surveys are conducted by the Industry to identify such locations and these are included in the prospective Marketing Plans and taken up for development in a phased manner based on the availability of LPG.

To begin with, the Oil Industry have formulated the Marketing Plan for 1994-% identifying some locations where adjoining rural areas including bigger villages, could be taken up for marketing of LPG to make the distributorships viable.

Decline in the Profits of REC

719. DR. JAGANNATH MISHRA: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that profitability of Rural Electrification Corporation has been showing a declining trend since 1991-92;

(b) if so, the reasons therefor; and

(c) the remedial steps taken in this regard so far and with what results?

THE MINISTER OF STATE IN THE MINISTRY OF POWER AND MINISTER OF STATE IN THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (DR. S. VENUGOPALACHARI) (a) and (b) Rural Electrification Corporation (REC) was earning profits till the year 1991-92 under the "accrual" system of accounting. With the deterioration of the financial position of the State Electricity Boards (SEBs) there was an increase in the defaults in the repayment of loan dues of the REC by the SEBs. REC changed the basis of accounting of interest income from "accrual" basis to 'cash' basis from the financial year 1992-93. As only the actual interest income realised from the SEBs is reflected in the 'cash' basis of accounting, there has been a decline in the profitability of the REC from the financial year 1992-93 onwards.

(c) The steps taken to improve the financial position of Rural Electrification Corporation (REC), inter-alia, include recovery of outstanding dues of the SEBs through deduction from Central Plan Assistance to the States and also taking up the matter regarding recoveries of dues at the highest levels of the State Govern-ments'State Electricity Boards, both by the REC and Government of India.

Housing Loans by HUDCO to Gujarat

720. SHRI AHMED PATEL: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that HUDCO provides loans to State Governments for construction of houses for Economically Weaker Sections (EWS) and Low Income Group (LIG) families;

(b) if so, what are the details thereof;

(c) the loans sanctioned and released by HUDCO to Gujarat Government during the last three years, year-wise.

(d) whether HUDCO monitors progress made by the States in the housing sector, with its loans;

(e) if so, whether such exercise has been done in respect of Gujarat; and

(f) if so, the results and the outcome thereof?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN AFFAIRS AND EMPLOYMENT AND MINISTER OF STATE IN THE
